

SEP Part #3 – Study Resource Marketplace SRM

FOR

SETU students now and staff (maybe).

WHO

This helps SETU students. It gives one place for good academic material.

- Students who need help to catch up.
- Good students have an income.
- It centralises the notes.
- People take better notes to earn money.

PRODUCT NAME

Study Resource Marketplace

KEY BENEFITS

- All notes, past papers, (no sharing of lecturer made material, only notes should be checked by admins or a LLM (trained on lecturer slides)) centralised
- Good students have an income
- Ratings improve the quality of the notes
- Small revenue for SETU or SU (like 5 cents per sale)
- Could work as another database to check against for plagiarism

COMPETITIVE ALTERNATIVES

- WhatsApp groups, Discord, shared drives, Moodle
- Big sites like Course Hero or Chegg – global, cost money

OUR PRODUCT

Made only for SETU students, staff.

How it works

1. To log in use SETU email. Only real students can join.
2. Upload stuff put up notes, past papers, etc. Tag them: module code, lecturer, year, topic etc. There is no charge to sell.
3. Ratings and comments. Flag bad or wrong ones anonymously. SU checks and approves everything before it shows up.
4. Search and filter using the tags (module, lecturer, rating etc.).

5. Pay like 1 euro, or whatever the market standard would become, its fully capitalistic, students make the prices.

To get people to join

- SU can give bigger prizes (€50-200) once a semester for the 5 best materials.
